AI Tool Usage Declaration — UNSIGNED

Student: [Student Name]

Register Number: [Register Number]

Faculty instructions request: *AI model/tool — purpose — artifact affected — verified by student*. The following reflects previously discussed tooling; edit to match your actual usage and verification before signing.

Tool / model	Purpose	Artifact affected	Verified by student (fill truthfully)
Google Antigravity / Gemini coding agents	Development assistance, code and tests	Application implementation and tests	[Actual files/tests reviewed]
ChatGPT	Explanations, prompt drafts, synthetic samples, academic documentation	Documentation and test planning	[Student verification details]
all-MiniLM-L6-v2 pretrained encoder	Text embeddings	ChromaDB evidence index and retrieval	[Student retrieval checks]
Gemini API	Answer generation	Real RAG Q&A	[Actual queries and citations inspected]
Local deterministic MockLLM (test double)	Offline integration testing	Tests and UI exercises	[Actual test output and known caveats]
Other tools actually used	[FILL]	[FILL]	[FILL]

I confirm that I am responsible for reviewing outputs and ensuring this declaration is complete, truthful and in line with my institution's policies.
